

ZICO

Background

ZICO is an integrated network of multidisciplinary professional services firms helping organisations and individuals succeed in ASEAN. With a presence in 8 ASEAN countries, our professionals and consultants provide advisory and transactional services that create and secure business opportunities.

Since our inception, we have leveraged on our regional expertise, local insights and pioneering mindset, to gain the confidence of our clients as trusted business advisors and cultivate a reputation as innovators in the business community. We aspire to be the “go-to” professional services provider that originated from, and is focused on, the ASEAN region.

Operating in Indonesia, Laos, Malaysia, Myanmar, the Philippines, Singapore, Thailand and Vietnam, our network allows us to deliver cross border business solutions to our clients whilst maintaining local perspectives and preserving cultural sensitivities.

We believe in ASEAN.

“We believe ASEAN is a major economic force and a driver of global development. We believe our origins, capabilities and behaviours can significantly help people, places and ideas connect, contributing positively to ASEAN’s overall development that will benefit all.”

Services throughout your company’s business life cycle

A hub of integrated services: from market entry to exit, we deliver leading-edge solutions to help our clients grow, take-off into emerging economies, and defend against risks, thereby consolidating our regional position within the ASEAN market.

Multiple points of engagement with clients in ASEAN
